Patience Agbabi

Give me a word
any word
let it roll across your tongue
like a dolly mixture.
Open your lips
say it loud
let each syllable vibrate
like a transistor
Say it again again again again again
till it's a tongue twister
till its meaning is in tatters
till its meaning equals sound
now write it down,
letter by letter
loop the loops
till you form a structure.
Do it again again again again again
till it's a word picture.
Does this inspire?
Is your consciousness on fire?
Then let me take you higher.

Give me a noun
give me a verb
and I'm in motion
cos I'm on a mission
to deliver information
so let me take you to the fifth dimension.
No fee, it's free,
you only gotta pay attention.
So sit back, relax,
let me take you back
to when you learnt to walk, talk,
learnt coordination
and communication,
mama
dada.
If you rub two words together you get friction
cut them in half, you get a fraction.
If you join two words you get multiplication.
My school of mathematics equals verbal acrobatics
so let's make conversation.

Give me a preposition
give me an interjection
give me inspiration.
In the beginning was creation
I'm not scared of revelations
cos I've done my calculations.
I've got high hopes
on the tightrope,
I just keep talking.
I got more skills
than I got melanin
I'm fired by adrenaline
if you wanna know what rhyme it is
it's feminine.
*Cos I'm Eve on an Apple Mac
this is a rap attack so rich in onomatopoeia
I'll take you higher than the ozone layer.*

**So give me Word for Windows*

**give me 'W' times three
cos I'm on a mission
to deliver information
that is gravity defying
and I'll keep on trying
till you lose your fear of flying.*

Give me a pronoun
give me a verb
and I'm living in syntax.
You only need two words to form a sentence.
I am I am I am I am I am
bicultural and sometimes clinical
my mother fed me rhymes through the umbilical.
I was born waxing lyrical.
I was raised on Watch with Mother
The Rime of the Ancient Mariner
and Fight the Power.
Now I have the perfect tutor in my postmodern suitor.
I'm in love with me computer.
But let me shut down before I touch down.

Give me a word
give me a big word
let me manifest
express in excess
the M I X
of my voice box.
Now I've eaten the apple
I'm more subtle than a snake is.
I wanna do poetic things in poetic places
Give me poetry unplugged
so I can counter silence.

Give me my poetic license and I'll give you metaphors that top eclipses
I'll give megabytes and megamixes.

Give me a stage and I'll cut form on it
give me a page and I'll perform on it.

Give me a word
any word.

*These lines are omitted in the piece.
